Phil Gribbon is no longer based in the UK and the IOP will nominate another delegate to the BBS.

The total number of registrants at EBSA 2007 was 1020. The UK was the best represented country (approx 250 delegates), followed by France and Germany. The representation from Eastern Europe was very encouraging.

Only two payments from sponsors are outstanding – Beckman and SanofiAventis. The participation of Beckman had not been fully clarified, and payment will not be sought. Rob Cooke will contact Sanofi Aventis re their payment.

R Cooke

The committee formally thanked Mike Ferenczi for his tremendous efforts in successfully staging the conference, and coming close to breaking even on the event.

4. **Publicity Officer's Report (presented by David Hornby)**
- Geoff Ford at Sheffield is willing to help out with web maintenance. Chris Cooper will explore whether two new biophysicists at Essex can help with web content. **C Cooper**

6. **Treasurer's Report**
- The Treasurers responsibilities have now been handed over to John Ladbury.

- Liz Hounsell volunteered to be second signatory for BBS accounts.
- David Hornby volunteered to act as membership secretary, separate from treasurer.
- The status of payments to IUPAB and EBSA needs to be clarified. **R Cooke / D Hornby**

The CTCB opening symposium proposed by Malcolm Walkinshaw will be supported to £250 for a non-industrial speaker. This could also be the venue for the AGM.

The joint meeting with the Spanish and Portuguese Biophysical societies is proceeding well. Bursaries will be offered. British speakers will be supported. Further details will be presented at the next BBS committee meeting.

G Grant

It is unlikely there will be a BBS-specific meeting in Sep 2008, although it could be possible to have one in Dec 2008. Venues in Oxford and London will be investigated for the week of Dec 15th.
